## FOREWORD

The Universal Basic Education Commission (UBEC) established by the UBE Act, 2004 has the mandate to ensure that all Nigerian children of school-going age from Early Child Care Development Education (ECCDE) to Junior Secondary School have access to free and compulsory education. The Act further provides that, the Commission conducts regular personnel audit of teaching and non-teaching staff of all basic education institutions in Nigeria, and establish a basic education data bank for research and planning.

Having underscored the importance of assembling reliable data for effective planning, the Commission conducted a National Personnel Audit (NPA) of all basic education institutions (public and private) in the country in May and June, 2018. This audit enriched the Commission's Database with massive basic education data which were collected using software developed in-house in line with globally acceptable technology. The 2018 NPA Report was launched and presented to the public on Monday, 16<sup>th</sup> December, 2019 at the International Conference Centre, Abuja-FCT. Upon the successful dissemination of the collected data to the public, the yearly data gaps of 2019 and 2020 were identified. The need for continuous and yearly updating of the UBEC database becomes imperative.

As a short term measure, a sampling exercise for the purpose of Data Update was carried out. To ensure 95% confidence level with high precision, simplified formula for proportions was used to determine the sample size. The process involved real-time direct data capturing at school level, using the in-house developed web-based software application to upload data to the cloud server, and the flow of data was monitored on a dashboard.

The data sets for 2019 and 2020 were used to generate statistical tables which formed the basis of the Digest of Basic Education Statistics that is being showcased in this publication. This will no doubt provide substantial data to assist in research and policy formulation for the sub-sector.

It is hoped that implementing agencies of the UBE program, researchers, decision makers and the general public will find this document useful.

**Dr. Hamid Bobboyi**  
Executive Secretary  
June, 2021.

## ACKNOWLEDGEMENT

In developing the Digest of Basic Education Statistics for the Update of Data for 2019 and 2020, some key staff of the Commission, officers from relevant sister organizations and Resource Persons played major roles. The Commission therefore, wishes to acknowledge their contributions.

Mention must be made of Dr. Hamid Bobboyi, Executive Secretary of UBEC for considering it necessary for the Commission to carry out the Data Update as well as the production of the Digest on Basic Education Statistics; Prof. Gidado Tahir, Chairman of the Data Update Technical Committee for his guidance and direction; Prof. Charles O. Onocha, the Lead Resource Person; Dr. Aminu Abdu Bichi, Elder David Wabi and Pastor Anthony Ojo, for their expertise and professional inputs.

Also deserving of mention are Sir Mike Aule KSM, Director, Finance and Accounts, UBEC; Mr. Akpanossom Udoh, Acting Director, Planning, Research and Statistics, UBEC; Rt. Rev. Edwin M. Jarumai; and U.Y. Ismaila. These individuals contributed immensely to the success of the production of the Digest of Basic Education Statistics.

The tedious process of carefully extracting and analyzing the data of the 2019 and 2020 was carried out by UBEC ICT and EMIS staff which comprise Ibrahim Bala Bakari (Head, ICT Unit); Yakubu Achimugu (Head, EMIS Unit); Saleh Kanam; Akila Dabara Kayit; Jibril Abubakar; Ayopo Adewale Soremi; Oluwaseun Ige; Shehu Abubakar Gusau; Jamila Sa'ad, Chinonye Simon Aboki, Ngozi Okeke, Ibrahim Dauda; Saifullahi Hassan; Maureen Ngodoo Aule; Hafeez Usman Mahmood and Mohammed Umar Aliyu. Others include Mathews Nganjiozor and Ndubuisi Ofuani, Federal Ministry of Education (FME); Habib Isah and Phillip Osung, National Population Commission (NPopC); and Chris Obiofuma, National Bureau of Statistics (NBS).

Patrick Agu and Elizabeth Mama are equally commended for providing secretariat services in the development of the Digest.

**Malam Usman Hassan**

*Chairman, Data Update Committee*

## BACKGROUND INFORMATION

### Preamble

Section 9f and 9j of the UBE Act, 2004 empowers the Universal Basic Education Commission (UBEC) to carry out in concert with the States and Local Governments at regular intervals, a personal audit of teaching and non-teaching staff of ALL basic education institutions in Nigeria; establish a basic education data bank and conduct research on basic education in Nigeria.

In line with this provision, the Commission conducted National Personnel Audit in 2006 and 2010. The 2006 exercise covered only public primary schools, while that of 2010 had a wider scope including public Junior Secondary Schools. The limitation of these two exercises revealed the gap of incomplete data in basic education due to the exclusion of private basic education schools, which also delivered basic education.

The 2018 National Personnel Audit was a great improvement over the two previous exercises. For the first time, public and private institutions offering basic education in the country were covered. The exercise also drew expertise from relevant government agencies and development partners in order to ensure that globally accepted data gathering and analysis methods were used. These efforts yielded a very robust, comprehensive and reliable basic education database which was published and widely disseminated.

Given the importance of data to educational development, especially in the area of planning, the Universal Basic Education Commission decided to put in place the machinery for continuous update of the basic education database created in 2018. The design was to ensure that updated data was made available annually.

The processing of the data collected for 2018 continued into 2019, making it difficult to collect data for that year (2019). The exercise was therefore postponed till the early months of 2020. As preparations were being made to commence the exercise, the World was hit by the Covid-19 pandemic which led to the imposition of a lockdown in Nigeria and the closure of all educational institutions.

It was towards the end of 2020 that the lockdown was lifted and states were advised to decide when their schools would open. The reopening of schools spread over the remaining months of 2020 into early 2021. This disruption notwithstanding, the Commission was out in the field from 8<sup>th</sup> February to 8<sup>th</sup> March, 2021 for the collection of data for 2018/2019 and 2019/2020 academic sessions. To facilitate the data collection and ensure accuracy electronic devices with web-based software application were made available to the data collectors.

In order to institutionalize Continuous Data Update, Short, Medium and Long term plans were established to ensure the updating of basic education data for the 2018/2019, 2019/2020 academic school years. Coordinates of schools were collected during the update to authenticate schools visit. Ultimately, a continuous and sustainable data generation and information flow from all schools across basic education management levels in the sub-sector will be achieved by establishing a structure of functional Basic Education Management Information System (BEMIS) for regular update from 2022 upward.

As a follow-up to the plans, UBEC Management held high level Consultative Meeting with the Honourable Commissioners of Education, Chairmen of State Universal Basic Education Boards (SUBEBs) and Chairmen of National Association of Proprietors of Private Schools (\*NAPPS) in the last quarter of 2019, to create awareness and sensitization of basic education data generation and update of UBEC database. This was followed with the composition of State Technical Teams and meeting with the SUBEB Directors of Planning, Research and Statistics as well as Education Management Information System (EMIS) Desk Officers. The outcome of these meetings was the submission of Basic Education Data Sets for 2019 and 2020 academic sessions respectively from the 36 SUBEBs and FCT –UBEC to the Commission’s databank.

In carrying out the short term plan, IT became expedient to update the 2019 and 2020 data sets. This belated activity was conducted in 2021 academic session due to the effect of covid-19 pandemic on the educational system of the Country.

## Methodology

As part of the preparations for the exercise the following consultative meetings and actions were held and taken:

- Consultative Meetings held between UBEC Management and the Honourable Commissioners of Education, Chairmen of State Universal Basic Education Boards (SUBEBs), Chairmen of National Association of Proprietors of Private Schools (NAPPS) in the last quarter of 2019. The meetings were held to create awareness and sensitize them on basic education database and the Commission’s plans for the database update.
- State Technical Teams were composed to coordinate the data update exercise in their respective state.
- Briefing meetings between UBEC and SUBEB Directors of Planning, Research and Statistics (PRS) as well as Education Management Information System (EMIS) Desk Officers to brief them on their roles and responsibilities in the update exercise.
- Training of field functionaries at different levels including technical officers, enumerators and supervisors were staged to ensure quality delivery in the field operations.

## Sample and Sampling Procedure

The sample size for the data update exercise was determined using the **Taro Yamane Sample Calculation Formula**. The confidence level was set at 95% (z-value =1.96) with 5% margin error. This technique determines the minimum sample that can be drawn from the population. Using this procedure a total of **6,582** schools representing 4.5% were sampled from the total population of 146,266 Basic Education Schools. The sample size was adequate, even above thresholds in reference to the Donor Committee for Enterprise Development (**DCED**) standard and other sample size calculation procedures such as Raosoft. The sample schools were selected in two stages, number of school per state were selected using proportional to size (**PPS**) sampling procedure and schools selections within the states was carried out purposive sampling procedure. The table below shows the distribution of schools covered during the validation exercise.

### Summary of Distribution of Sampled Schools Covered during the 2019 and 2020 Validation Exercise by School Category & Level

State	LGAs	All Basic Education Schools	4.5% Sampling (Schools to be covered by State)	Schools Covered by Type and Level					
				Public			Private		
				No. of ECCDE and Primary Schls	JSS	Total	No. of ECCDE and Primary Schls	JSS	Total
<b>Total</b>	<b>774</b>	<b>146,266</b>	<b>6,582</b>	<b>2,871</b>	<b>586</b>	<b>3,457</b>	<b>2,315</b>	<b>809</b>	<b>3,125</b>

#### Coverage

Given the effective planning and logistics arrangements, the coverage rate of the target sampled population was 100%. In addition, information from schools not covered in the 2018 NPA were collected which formed a critical component of 2019 and 2020 data update.

#### Data Collection, Imputation and Cleaning

The Data Update field work was carried out from 8<sup>th</sup> February, 2021 to 8<sup>th</sup> March, 2021. One hundred and forty (140) Field Officers selected from the Universal Basic Education Commission (UBEC), Federal Ministry of Education (FME), National Bureau of Statistics (NBS), National Population Commission (NPopC) and other relevant agencies were deployed for the data update activity in all the 36 States and FCT. During the Field Work, real-time and direct data capturing was done at school levels using the UBEC e-data Application. The data was uploaded on the server, and the flow of data was monitored by the UBEC ICT team and Management. The Data mining was conducted to remove outliers/contaminants from the data set

#### Data Analysis

Data analysis was conducted in two phases. The first phase was to compare the data collected from two primary data sources (2018 and 2020 data update exercise). The next was to compute the school/state growth indices and the overall national index. The mean index was used to extrapolate the enrolments and Teachers for the three Basic Education Levels- ECCDE/Pre-Primary, Primary and Junior Secondary. The application of extrapolation methods is appropriate in the circumstance that require computing the average annual number by which the population has increased from one census (in this case NPA, 2018) to the next, and to add an equal number for every number for every year which has elapsed since the last census (Brezinski and Redivo-Zaglis, 1991). In addition, the NPopC provided updated demographic projection for school age population for Basic Education with technical inputs from NBS.

The data sets obtained from the above statistical procedures were used to generate statistical tables used for the production of this Digest of Basic Education Statistics.

**Limitation**

The Data Update was limited to collections of information from the sample schools in each State. The information collected included enrolment, teachers and facilities in each Sample schools. The list of additional schools that were not captured in the 2018 NPA was collected from the States where such information was available. Therefore, the extrapolated data only covers classrooms, enrolment and teachers.

The data sets obtained from the above statistical procedures were used to generate statistical tables used for the production of this Digest of Basic Education Statistics.

**Partnership**

The processes leading to planning, field activities, data processing, analysis and generation of statistical tables were carried out in partnership with several key stakeholders and experts grounded in educational measurement and statistics. In addition, the Commission partnered with relevant agencies to improve the integrity, validity and accuracy of the exercise. These included the Federal Ministry of Education (NEMIS and Statistics), National Population Commission (NPopC), National Bureau of Statistics (NBS), Federal Ministry of Budget and National Planning (FMBNP), State Ministries of Education (SMoEs), State Universal Basic Education Boards (SUBEBs), Local Government Education Authorities (LGEAs), Private Schools Managers and other relevant stakeholders.

## ACRONYMS

ACE – Advance Certificate in Education  
 ACIS - Advance Certificate in Islamic Education  
 BEC – Basic Education Certificate  
 B.ED - Bachelor of Education

## Technical Team

1. Prof. Gidado Tahir	-	Chairman
2. Prof. Charles O. Onocha	-	Lead Resource Person
3. Dr. Aminu Abdu Bichi	-	Resource Person
4. Akpanossom Udoh	-	Ag. Director Planning, Research and Statistics
5. Bishop Edwin Jarumai	-	Member
6. U Y. Ismaila	-	Member
7. Elder David Wabi	-	Member
8. Pastor Anthony Ojo	-	Member

## Data Processing and Analysis Team

1. Akpanossom Udoh	-	Ag. Director; Planning, Research and Statistics
2. Ibrahim Bala Bakari	-	Head of ICT
3. Yakubu Achimugu	-	Head of EMIS/Statistics
4. Saleh S. Kanam	-	Chief Data Processing Officer
5. Akila Dabara Kayit	-	Chief Statistician
6. Jibril Abubakar	-	Asst. Chief Statistician
7. Jamila Usman Saad	-	Principal Statistician
8. Ayopo Adewale Soremi	-	Principal Program Analyst
9. Oluwaseun Ige Peters	-	Principal Program Analyst
10. Shehu Abubakar Gusau	-	Principal Program Analyst
11. Chinonye Simon Aboki	-	Principal Program Officer
12. Ngozi Christy Okeke	-	Senior Statistician
13. Saifullahi Hassan	-	Senior Program Analyst
14. Ibrahim Dauda	-	Statistician I
15. Maureen Ngodoo Aule	-	Program Analyst I
16. Hafeez Usman Mahmood	-	Program Analyst II
17. Mohammed Umar Aliyu	-	Program Analyst II
18. Mathews Nganjiozor	-	Federal Ministry of Education
19. Ndubuisi Ofuani	-	Federal Ministry of Education
20. Habib Isah	-	National Population Commission
21. Philip Osung	-	National Population Commission
22. Chris Obiofuna	-	National Bureau of Statistics

## Secretariat Team

1. Patrick Agu	-	Senior Accountant
2. Elizabeth Mama Ochei	-	NYSC
